School Accountability Report Card

Reported Using Data from the 2017-18 School Year

Published During 2018-19

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Facility Conditions and Planned Improvements (Most Recent Year)

The district takes great efforts to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. Prospect Avenue School’s original facilities were built in 1960; ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff. District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. A work order process is used by school and district staff to communicate non-routine maintenance requests. Emergency repairs are given the highest priority. The campus was modernized Summer, 2012. PE locker rooms were renovated during the 2017 school year.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2016-17	2017-18	2016-17	2017-18	2016-17	2017-18
English Language Arts/Literacy (grades 3-8 and 11)	53.0	58.0	54.0	57.0	48.0	50.0
Mathematics (grades 3-8 and 11)	42.0	47.0	47.0	49.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in ELA by Student Group Grades Three through Eight and Grade Eleven (School Year 2017-18)

Foster Youth	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2018-19)

Parental involvement at PRIDE Academy is of the utmost importance. It is our belief that it is an essential component in making our school a success. Parents contribute to a positive school environment by first understanding what a Title I school is. Our parental involvement policy is developed through our School Site Plan. Annually this plan is discussed and revised. The policy is reviewed by our School Site Council, ELAC Committee and PTA, which is made up of parents, teachers, and staff. In the beginning of the year, letters are sent home with students describing our Title I program and other non-Title 1 programs. PRIDE Academy ensures that the Parental Involvement Policy is carried out throughout the year. Through the School Site Council and English Learner Advisory Committee, the school meets annually with parents to review the Site Plan and the Parental Involvement Policy making adjustments to the policy as needed. Assorted monthly meetings throughout the year allows for all parents who are interested in school programs to be a part of the decision-making at PRIDE Academy. Through the events listed below and notices sent home, parents are provided with an explanation of the curriculum, assessments, and proficiency levels students are expected to meet.

Through parent-teacher conferences, phone calls home, written communication as well as e-mail, parents are provided with opportunities to participate in decisions relating to the education of their children. This Parental Involvement policy is periodically updated to meet the changing needs of the parents and the school.

The following are ways in which parents may become actively involved in the Title I Program.

- School Site Council
- PTA Meetings
- English Language Advisory Committee
- Parent Education meetings
- Pastries with the Principal
- Title I Parent Meetings
- Common Core Parent Nights
- Back to School Night
- Title 1 School Parent Compact

School Safety Plan (School Year 2018-19)

The Comprehensive School Site Safety Plan was developed for PRIDE Academy at Prospect Avenue School in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The school's most recent school safety plan was reviewed and updated by school staff in December, 2018. Staff responsibilities and safety plan updates were discussed with staff in December, 2018.

Professional Development (Most Recent Three Years)

All training and curriculum development activities at PRIDE Academy support the implementation of Common Core Content Standards, State curricular frameworks, and the Santee School District goals for literacy and safety. Teachers annually receive between 6-10 days of professional development at the site and/or district level. These trainings are provided by releasing teachers during the school day, or at after school staff meetings.

Decisions concerning selection of staff development activities are performed by the principal, district administrators, and grade level representatives using tools such as teacher input, district benchmark results, data analysis, and focus groups to determine the areas in which additional teacher training may enhance classroom instruction and increase student achievement levels.

PRIDE Academy offers support to new and veteran teachers through peer coaching and mentoring. Through a series of Targeted Feedback Cycles with peer and/or Administrator coaches, frequent Administrator walkthroughs with written feedback, and formal evaluations, all teachers receive feedback on a regular basis. All staff are encouraged to attend professional workshops and conferences. Classified support staff receive job related training from department supervisors and district representatives.
