School Accountability Report Card

Reported Using Data from the 2018-19 School Year

Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2019-20)

MODOC JOINT UNIFIED SCHOOL DISTRICT MISSION STATEMENT

The mission of the Modoc Joint Unified School district is to provide a quality education by leading, assisting, and motivating all students to establish and achieve goals to become responsible and productive citizens.

WARNER HIGH SCHOOL MISSION STATEMENT

Warner Continuation High School will establish and maintain a successful, safe, and secure learning environment in which a positive self image is of the utmost importance. Students are exposed to an educational program where life enhancing experience can occur in a positive, rewarding, and supportive atmosphere.

The present facility of Warner High School was constructed in the 1980s. Our student population varies from year to year, but instruction is individualized to each student's needs, in order to provide the best possible education. While we are small and remote, our students have the same basic same educational opportunities that large schools offer. Warner High School provides the same academic core curriculum of English/language arts, social science, science, and mathematics as our traditional high school. All students are afforded the opportunity to complete all of their core course work, electives, and physical education through traditional text, instruction based programs, or a comprehensive internet based curriculum. The online component of Warner High School is Common Core aligned and is updated to meet new common core curriculum standards. Warner High School (WHS) serves students in the tenth through twelfth grade and provides an alternative educational environment to students who do not adjust to the traditional environment or who need specialized schedules. Warner High School is staffed by one teacher who individualizes instruction and one instructional aide.

Buildings: The school is housed in a comfortable and modern room close to the traditional high school, providing easy access to a library and computer lab. The building also houses other alternative education programs. Appropriate restroom facilities are provided. A custodian cleans the room daily, when students are not present. **Library -** Students at Warner High School have an adequate library in the classroom with a variety of texts. Library materials from the comprehensive high school are available upon request. **Computers -** There is one computer station for the instructor and 15 student computers. The room is also equipped with appropriate peripheral equipment enabling students to use the most modern technical applications in their work. The school is connected to the internet through the district's network. As in all schools, the instructor has a computer and uses the same networked programs to track attendance and grades, as well as communicate with parents. **Average Class Sizes** The average class size varies, but the maximum enrollment is 20.

Discipline: Students are disciplined according to the district conduct guidelines. The instructor establishes classroom behavior expectations and consequences during the first week of school. Some students enter Warner High School with a Student Behavior Contract. This contract is agreed upon by the student, parent(s), instructor, and appropriate administrator. Returning students to the traditional setting is a goal for WHS.

Homework: Students may elect to work at home, but don't have to. There are no penalties for taking additional time to complete assignments.

Schedule: Warner High School is in attendance from 9:00 a.m. until 12:35 p.m. Students are given the opportunity to begin school at 8:15 a.m. and may elect to stay until 3:00 p.m.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

School Facility Conditions and Planned Improvements (Most Recent Year)

Warner High School is housed in the Alternative Education building, across the street, and east of Modoc High School. The modular building is approximately 26 years old and has three self-contained classrooms, adequate restroom facilities, and a central office complex. The buildings are well maintained and comply with all safety standards. This table displays the results of the most recently completed school site inspection to determine the school facility's good repair status. The facilities inspection occurred May 2017. Northern California Schools Insurance Group Risk Control Consultant conducted the inspection and rated the facilities. The next inspection and rating will occur early 2019. Monthly local inspection is conducted by staff and all safety features are addressed immediately.

Interior and exterior lighting retrofits have been completed at various locations. Roof replacements scheduled for 2018/2019 at various locations has been completed.

School Facility Good Repair Status (Most Recent Year)

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The overall rating

Year and month of the most recent FIT report: October 2019

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19
English Language Arts/Literacy (grades 3-8 and 11)	--	--	31	35	50	50
Mathematics (grades 3-8 and 11)	--	--	21	23	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2019-20)

Open communication is encouraged with the home and parents are contacted by classroom teacher on positive incidents and achievements as well as concerns. Parents are welcome to volunteer in the classroom.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates; and
- High school graduation rates.

School Safety Plan (School Year 2019-20)

Warner High School’s administration monitors school grounds before school, during breaks, and during lunch. After school we monitor the exit of students and pay particular attention to the bus stop. Between classes, teachers monitor halls and passing areas. A continuous review of our safety plan is conducted by the District Safety Team. We are in frequent contact with law enforcement agencies, which willingly provide assistance when needed. Our staff works hard at making it a priority to be alert and observant in order to keep our students safe. Our maintenance crews and monthly maintenance inspections make certain that our facilities are clean, attractive, well-maintained and safe. The district currently employs a school resource officer, who is actively involved in providing a safe environment. Staff is trained in ALICE, which provides options to keep students safe, in the event of an intruder. The entire school staff has radios. The district has established a Safety Team that reviews its plan and makes recommendations to the superintendent.

Types of Services Funded (Fiscal Year 2018-19)

Specialized Resource Staff: Modoc Joint Unified School District and Modoc County Office of Education and other Modoc County agencies to provide social workers, speech and hearing specialists, school psychologists, nurses, and technology specialists. These specialists work on an as-needed basis at our school and most work at more than one school in our district. We are concentrating on improving students' achievement through Odyssey ware, a specialized individual program computer-based program. Our staff welcomes parent input and communicates with parents regularly via the phone, email, and social media.

Academic Guidance Counselors: A district counselor is available at the request of teachers or parents. In all schools, classroom teachers may counsel students. A school site, district, or county counselor is also available, and the school principal may serve as a counselor also.

Special Education Program: A Modoc County Office of Education Specialist is available daily for special needs students through the Modoc County Office of Education. The county provides special education resource aide hours as needed. Students with Individualized Education Programs (IEPs) receive accommodations in the classroom according to their needs. The Modoc County Office of Education provides psychological and speech services as needed.

English Learner Program: All our teachers are certified to teach English learners. Staff members use appropriate strategies in all their classes to ensure the English learners have full access to the curriculum.

Professional Development (Most Recent Three Years)

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement	26	26	25

Annually, MJUSD re-evaluates its annual focus items. MJUSD has established weekly Professional Learning Community meetings at each site. A Professional Learning Committee has been implemented district-wide, with each school working in tandem to articulate goals and practices. Focus is on student weekly on Wednesdays; students are released early to provide extra time for staff these PLCs. In these meetings, teachers analyze data, examine and assess student work and plan goals and assessments. A second part of the goal of improving student learning is the 'Professional walk-through.' Each month a group of three teachers spend their released time observing other teachers, on-site or throughout the district and then discuss the visits. Conference attendance is still a part of professional development, but the major focus at MJUSD is in-house development.
