School Accountability Report Card Reported Using Data from the 2018—19 School Year California Department of Education

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2019—20)

Business and Community Partners

Our Academic Fundraising Partnership (AFP) enhances our students' education through parent participation and fund-raising. Parents are encouraged to be active participants in their child's education through this wonderful organization. In addition to supporting academics, the AFP runs Family Science Night, the Character Education and Fine Artists Programs, the Fall Festival, the Run Club, and much more. These programs would not be possible without our dedicated parent volunteers.

Our school gratefully acknowledges the tremendous support we receive from our partners, parents, and community volunteers.

Welcome to Ellen Browning Scripps (EBS) Elementary School, a California Gold Ribbon School and a California Distinguished School. Our school is an official Science Technology Engineering Art and Math (STEAM) school with a Maker Space engineering lab and a Computer Lab. We strive to teach our students the problem solving skills needed for the 21st century, perseverance through difficult challenges, and how to work cooperatively with a group. We also have a strong character education program as we believe in educating the whole child.

At E. B. Scripps, our students are to be commended for performing well above district and state averages on standardized tests. EBS is one of the top-performing schools in the district.

In our school community, all stakeholders are both teachers and learners. Each learner is encouraged to achieve academic and social success, enjoy learning, celebrate diversity, develop analytical skills, and model exemplary behavior. We empower our learners to be responsible for their own inquiry. Our learners are active participants in their academic development. Every individual has a responsibility not just to perform a task, but to do it to the best of her or his ability. We are committed to character building and embrace character education as an integral part of our curriculum. In order for learners to excel, they require an environment that encourages them to take risks. All members of the E. B. Scripps school community work together to create a nurturing environment so that learners can take risks without anxiety, can think critically, and are encouraged to ask questions about their learning and their world.

Take advantage of all that is happening at our school. Don't hesitate to immerse yourself in the Ellen Browning Scripps Penguin Spirit.

Instruction and Curriculum

The San Diego Unified School District Board of Education has formally adopted academic standards and curriculum frameworks approved by the California State Board of Education for all subject areas. District curriculum materials, instructional strategies and supports, professional development, and student assessments are aligned with state standards and focused on ensuring that every student has access to a high-quality, rigorous, and engaging instructional program. A range of support opportunities is available for students needing additional assistance.

All of the instruction in the core academic areas is aligned with the Common Core State Standards.

Visual and Performing Arts

The Visual and Performing Arts (VAPA) course of study includes standards-based sequential TK-12 pathways in dance, music, theatre, and visual arts, guided by the San Diego Unified Board-approved Strategic Arts Education Plan. The California Education Code requires the arts as part of the course of study in grades 1-12, and the arts are listed among the core subjects of a well-rounded education as defined by the Every Student Succeeds Act (ESSA, 2015). The new California Arts Standards place emphasis on artistic literacy and mastery of 21st Century Skills – collaboration, critical thinking, creativity, and communication – essential areas for workplace success.

EBS has a full-time music teacher for TK-Fifth grade, and instrumental music twice a week for fourth and fifth graders. We also have an artist in residence who designs special art lessons for our Fine Artists program. We believe that nurturing creativity through the arts is an important part of a well-rounded education.

Student Enrollment by Grade Level (School Year 2018—19)

Most of the data in this SARC are from the 2017–18 school year or the two preceding years (2015–16 and 2016–17). Graduation, dropout, and fiscal data are from 2016–17. Contact information and data on facilities, curriculum and instructional materials, and certain teacher information are from the 2018–19 school year. When no year is specified, data are from the most recent year available. Data included in this SARC are consistent with State Board of Education guidelines, available at the California Department of Education website: www.cde.ca.gov/ta/ac/sa/.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Teacher Credentials

This table displays the number of teacher misassignments (i.e., teachers who lack legal authorization to teach that grade level, subject area, student group, etc.) and the number of vacant teacher positions (long-term vacancies for which there was no teacher assigned by the twentieth day of the school year or semester). Total teacher misassignments include the number of misassignments of teachers of English learners.

Quality, Currency, Availability of Textbooks and Other Instructional Materials (School Year 2019–20)

The district adopts textbooks and instructional materials based on the implementation cycle established by the state. The district provides a sufficient number of standards-aligned textbooks and other instructional materials for all students in the subject areas of English language arts, health, history–social science, mathematics, science, and world languages. Science laboratory equipment is available to students enrolled in laboratory science courses in grades 9–12. The following table displays information about the availability of the standards-aligned textbooks and other instructional materials used at the school.

All textbooks and instructional materials come from state or district lists. Descriptions of the district’s courses, including current instructional materials, may be found in the Course of Study, TK–12, revised annually and available on-line at www.sandiegounified.org/course-study.

School Facility Conditions and Planned Improvements

Ellen Browning Scripps (EBS) Elementary School moved into our current facility on Cypress Canyon Road in the fall of 2008. Our campus boasts a huge multipurpose space suitable for performances and assemblies, a modern library with a teaching area, a middle-school science lab, a STEAM Computer Lab (Science, Technology, Engineering, Arts, and Mathematics), a STEAM Maker Space engineering lab, classrooms with the latest technologies including wireless internet service, Promethean interactive whiteboards, document cameras, and many other fine amenities that make EBS conducive to great teaching and learning.

Our custodial and grounds staff works hard to maintain a safe and clean environment for students. Our students understand that keeping the campus clean is their responsibility as well. When repairs are necessary, they are done in an efficient and timely manner so as not to disrupt school operations. EBS is an air-conditioned campus.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students Grades Three through Eight and Grade Eleven Percentage of Students Meeting or Exceeding the State Standard

CAASPP scores are ranked according to four "performance levels": Level 1 indicates that the student has not met the standard tested; Level 2 indicates that the student has nearly met the standard; Level 3 indicates that the student has met the standard; Level 4 indicates that the student has exceeded the standard. Students scoring at Levels 3 and 4 have met state standards in that content area.

Note: In the tables that follow the number of students tested includes students who did not receive a valid test score; however, achievement-level percentages have been calculated using only those students who did receive valid scores.

Subject	School 2017—18	School 2018—19	District 2017—18	District 2018—19	State 2017—18	State 2018—19
English Language Arts / Literacy (grades 3-8 and 11)	88.0%	85.0%	55.0%	55.0%	50.0%	50.0%
Mathematics (grades 3-8 and 11)	88.0%	88.0%	45.0%	46.0%	38.0%	39.0%

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education

California Physical Fitness Test Results (School Year 2018–19)

The California Physical Fitness Test provides the outcomes in physical education and is administered to students in grades 5, 7, and 9 only. This table displays by grade level the percentage of students tested who met the fitness standards for the most recent testing period. Data on students receiving migrant education services are not available. Detailed information regarding this test, and comparisons of a school's test results to the district and state levels, may be found at the CDE website at www.cde.ca.gov/ta/tg/pf/.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2019—20)

Parents and other relatives are encouraged and welcomed to become involved in the formal education of their children. Educational research validates that support at home is critical to a child's academic success. There are many opportunities to be involved at their children's school site, including: governance committees, special events, fundraising events, parent organizations, and in classrooms, and at the district level by participating in cluster councils, district advisory councils/committees, Parent University, and special events. Parents are encouraged to support their children at home by making their expectations about school clear and creating a positive learning environment at home.

Opportunities for parent and community involvement at our school include the Academic Fundraising Partnership, school volunteers, the Site Governance Team, the Fine Artists Program, Character Education Program, School Site Council, and the Everyone a Reader Volunteer Tutoring Program. Parents are always welcome on campus. Our school has a family-friendly climate. We have a variety of volunteer and community service opportunities to fit every schedule.

If you want to get involved, please contact Mrs. Dee Wyttenbach at (858) 693-8593.

State Priority: Pupil Engagement

Last updated: 1/24/2020

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates; and
- High school graduation rates

Dropout Rate and Graduation Rate (Four-Year Cohort Rate)

This table displays the school's four-year "cohort" dropout rates and graduation rates for the most recent three-year period for which data are available. (A cohort is the group of first-time grade 9 students in a given school year, plus students who transfer in, less students who transfer out, emigrate, or die, during that and the following three school years. A graduate is a cohort member who earns a regular high school diploma by the end of the cohort's fourth year.) For comparison purposes, data are also provided at the district and state levels. Detailed information about dropout rates and graduation rates can be found on the DataQuest website at dq.cde.ca.gov/dataquest/.

School Safety Plan (School Year 2019—20)

Last Review/Update: October, 2018

Last Discussed with Staff: October, 2018

School safety is the district's top priority. District leadership, principals, teachers, support staff, school police services, and community partners collaborate to ensure a safe school environment, including efforts to mitigate, prepare, and respond to emergency situations. To ensure safety and security, each school has a state-mandated individual Comprehensive School Safety Plan, containing policies and procedures to address the safe school climate and emergency readiness to include a safe entry and exit of students; serious disciplinary problems; discrimination, harassment and bullying; mandated child abuse reporting procedures; substance abuse prevention programs; and, gang dress attire prohibition policy.

Adult supervision is provided in the classrooms and outside areas before, during, and after school hours. Under the direction of the principal or site administrator, school staff members implement specific school-building security procedures. In addition, district offices support schools by reviewing and disseminating safety requirements and information, coordinating safety-related services, and providing safety training and assistance.

All visitors to the E. B. Scripps campus are required to sign in at the front office and wear a badge that indicates visitor status. In addition, all perimeter gates are secured during the school day to prevent unauthorized access.

Expenditures Per Pupil and School Site Teacher Salaries (Fiscal Year 2017—18)

The following table displays this school's expenditures per student from basic (unrestricted) sources, from any supplemental (restricted) sources, and its total per-pupil expenditures. The table also provides a comparison of the school's per-pupil expenditures from basic sources with other schools in the district and throughout the state. Finally, it compares the average teacher salary at the school with average teacher salaries in the district and the state.

Basic or unrestricted sources are funds that, except for general guidelines, are not controlled by law or by a donor. Supplemental or restricted sources are funds whose use is controlled by law or by a donor. Money that is designated for specific purposes by the Board of Education is not considered restricted.

For detailed information on school expenditures for all districts in California, see the CDE Current Expense of Education and Per-pupil Spending webpage: www.cde.ca.gov/ds/fd/ec/. For information on teacher salaries for all districts in California, see the CDE Certificated Salaries and Benefits webpage: www.cde.ca.gov/ds/fd/cs/. To look up expenditures and salaries for a specific school district, see the Ed-Data website at: www.ed-data.org.

Types of Services Funded (Fiscal Year 2018—19)

The district's general fund includes monies for:

- General operations—salaries, benefits, services, materials, and support to the general education
- Special Education—programs offering appropriate, individualized instruction to students with special needs
- Special projects—monies from agencies (federal or state) earmarked for specific programs/projects or services
- Transportation
- Maintenance and operations
- District administration

Each school in the district receives an instructional budget based on enrollment, programs, and formulas set by Board of Education policy, state law, agreements with employee bargaining units, and guidelines of outside funding sources.

The School Site Council (SSC) meets once a month to develop, implement, monitor, and evaluate the site plan. Most SSCs oversee categorical money; however, EBS does not receive any categorical funding. Parent representatives are elected at the beginning of each year for a two-year term. All parents are welcome and encouraged to attend these meetings. They are a great way to learn more about our school funding and academic goals.
