California Department of Education School Accountability Report Card Reported Using Data from the 2016-17 School Year

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the [CDE DataQuest Web page](#) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Facility Conditions and Planned Improvements

Los Alamitos Elementary School is a 41-year-old facility with fifteen portable classrooms. During the summer of 2009 the field was torn out, and new grass was planted. During the summer of 2008, walls were installed in the Main Building, and two kindergarten classrooms to close the open pod classrooms into single self-contained rooms. Other construction improvements during the summer of 2008 were made in the Health Office, the Staff Room, resurfacing the driveway and the blacktop. During the summer of 2002, our school underwent a \$2 million renovation, including updated T-1 lines, new carpets, new paint, and improved heating/air conditioning systems. A Disaster Preparedness Plan is updated yearly, and practice drills are scheduled regularly. Our school is rated by parents and staff each year in our Annual Climate Survey, and continues to receive high marks for cleanliness. Our custodian cleans all restrooms daily, including all kindergarten restrooms. Our grounds are also checked daily for debris that is promptly removed. Classroom trashcans are emptied daily, and a custodial crew rotates through classrooms each evening to clean chalkboards, sinks, and vacuum floors.

In 2009, our PTA and the school district installed two shade structures. One shade structure was placed over the outside science area; the other was placed near the new field. In the spring of 2006, the PTA purchased a double-sided lighted outside sign to inform the community, and advertise upcoming school events. In 2011, the stately school sign received some much needed refurbishing, safety backpack hooks were installed outside of portables and two fun buckets were installed in play areas. Trees were also planted in recognition of California Arbor Day. A new United States and World Map were painted on our playground pavement.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students

Grades Three through Eight and Grade Eleven (School Year 2016-17)

Mathematics (grades 3-8 and 11)	73%	76%	42%	42%	36%	37%

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Students with Disabilities	37	34	91.89%	55.88%
Students Receiving Migrant Education Services	0	0		
Foster Youth	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3--Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite

Opportunities for Parental Involvement (School Year 2017-18)

Parents and the community are a vital component of the school climate at Los Alamitos Elementary School. Parents volunteer in classrooms, for special events, fund-raisers, and field trips as chaperones. Parents can participate in various school/district committees such as School Site Council (SSC), District English Learner Advisory Committee (DELAC), and District Advisory Committee (DAC).

Parents may also participate in a variety of school activities such as Back-To-School Night, Open House, Parent-Teacher Conferences, Assemblies, Extra-Curricular and PTA Events, Fall Parade, Music Performances, and Parent Coffees.

The school informs parents of student progress through, Report Cards, Parent Conferences requested by parents or teachers, Teacher/Principal newsletters letters, emails, 1:1 conversations and telephone calls.

More Specifics On Volunteering At Los Alamitos

VOLUNTEERS We want you to volunteer to assist in the classroom. If you are interested in helping, please respond to the request of your child's teacher and/or the PTA. We recognize the importance of parent involvement in the education of all our students, and we invite and welcome you to actively partner with us on our campus. For the safety of all our students, all parents and other persons wishing to volunteer in classrooms or around the campus must be fingerprinted and receive a TB test. Please see our URL on this page for a new or returning volunteer form. **REMINDER: ALL parents, volunteers, student teachers, non-Los Alamitos staff, and any other person on the Los Alamitos campus during school hours MUST sign in and out at the main office EVERY time they are on campus. No exceptions.** Thank you for your attention to this important procedure.

2017-2018 NEW and RETURNING VOLUNTEERS, complete and submit your form electronically - copy and paste this URL:

Volunteer Opportunities

The Art Vistas program is directed and supported by a dedicated team of more than 70 parent volunteers. Teachers and parent volunteer docents working together have made the program a success. If you would like to become a part of our Art Vistas program, please contact your child's teacher or the school office.

The Cornerstone Program: The Asset Building Champions (ABC) program is the major parent engagement program of Project Cornerstone. ABC uses a curriculum of children's literature to teach a set of positive assets: caring, empathy, integrity, equality, responsibility, etc. Our parent readers cultivate positive connections with the students and become models for how to be caring and responsible adults. Each book that is read in the classroom has been chosen for a specific purpose and to develop a specific asset. If you would like to become a part of our Art Vistas program, please contact your child's teacher or the school office.

The PTA at Los Alamitos strives to create lasting positive memories for students at Los Alamitos Elementary School by creating opportunities, providing educational enrichment, and building a strong sense of community for Los Alamitos families. We are always looking for volunteers to help at school and events as well, we are looking for volunteers to help head up our committees. Email PTA at losalamitospta@gmail.com

School Safety Plan (School Year 2017-18)

The School Safety Plan is reviewed and revised yearly by staff, the School Safety Committee, and the Site Council. The Safety Plan was in October of 2017 and reviewed on November 14, 2017, and there is a complete Safety plan on file at the District Office and at the Site. The well-being and safety of our students are our priorities. Adult supervision is provided at all times while school is in session, visitors to the campus are required to sign in at the office and obtain a visitor's pass. A system is in place for classroom and playground emergency assistance. Safety drills, including fire, lock-down, bomb and earthquake are conducted on a regular basis. Teams have been developed as part of the emergency plan to ensure that there would be staff assigned to stay with students and others assigned to help with the various tasks required during an emergency.

A school health clerk is at this site when students are present to provide first aid, administer prescribed medications, oversee required vaccinations, and organize health screenings. A licensed school R.N. works at this site part time to coordinate special health needs of our students and others in the District. Playground equipment is checked monthly to ensure safety. Behavioral expectations are taught and reviewed with students on a regular basis as part of our PBIS – Lions' P.R.I.D.E. Behavior expectations for areas of our school are explained and students are taught the expected behaviors. The Central Office also provides our school some intervention and counseling for students who need additional assistance.

Professional Development

Staff members build teaching skills and concepts through participation in conferences, workshops, and grade level collaboration throughout the year. Teachers have the opportunity to participate in out of district professional development throughout the school year. Over the past three years, the Central Office of Curriculum Instruction has provided support and training, offered a variety of professional growth opportunities in math, writing, reading instruction and management. Our school site professional learning community has also focused on developing skills in math, writing and reading instruction over this time. A site Instructional Coach is assigned to the school. Topics for staff development for 2015-2018 school year 's include(d):

- The San Jose Unified Instructional Framework
- Math instruction using the Stepping Stones Math Curriculum
- Writing Instruction: Writers' Work Shop and the Lucy Calkins Curriculum
- Adaptive Learning: Lexia and Dreambox
- Achieve reading resource
- PBIS
- Early Literacy – Guided Reading
- Notice and Note Close Reading Strategies
- Readers' Workshop
